December 15, 1995

To Milford Area Distribution System Water Users:

This letter is to inform you that on December 7th the Milford Distribution System Committee passed a resolution to add 1.5% per month interest on all delinquent distribution assessments. This interest will be in addition to the 10% delinquent penalty that is now imposed on delinquent accounts on June 1 each year.

This policy will begin February 1, 1996. After that date, one and one half percent interest will automatically be added each month to any delinquent assessment amounts that have not been paid.

If you have any questions concerning this procedure please contact me at 538-7380 or Jim Mayer.

Sincerely,

Lee H. Sim, P.E.

Assistant State Engineer

For Adjudication and Distribution
